RE: Notification of Construction and Startup for equipment subject to New Source Performance Standards

*DCP Operating Company, LP
Lucerne Natural Gas Processing Plant (AIRS 123/0107)
CDPHE APCD Permit No. 12WE2024 Issuance 4*

Dear Sir/Madam,

DCP Operating Company, LP (DCP) is submitting this Notification of Construction and Notification of Startup pursuant to New Source Performance Standards (NSPS) for the following Subparts and affected equipment at the Lucerne Natural Gas Processing Plant (Permit No. 12WE2024 Issuance 4, AIRS ID 123/0107/052, Issued on May 3, 2019) as seen in the table below:

EQUIPMENT AND APPLICABLE NSPS SUBPARTS

Equipment	ID	AIRS Point	Affected NSPS Subpart	Construction Date (§60.7 (a)(1))	Operation Start-up Date (§60.7 (a)(3))
Equipment Leaks	FUG (Specifically CONDSTAB Process Unit)	052	NSPS OOOOa	January 2020	March 10, 2021

Any source subject to a source-specific NSPS is also subject to the general provisions of NSPS Subpart A, unless specifically excluded by the source-specific NSPS. The fugitives listed above have no exemptions and are subject to NSPS Subpart A.

Per NSPS Subpart A, notification of construction must be submitted per §60.7 (a)(1) requirements within 30 days after such date. Per §60.7 (a)(3), a notification of the actual date of initial startup of an affected facility must be postmarked within 15 days after such date. Column 5 of the above table includes the date of construction for each of the affected facilities and column 6 of the above table includes the date of operational start-up for the affected facility.

This letter shall service to satisfy the notification requirements under NSPS Subpart A §60.7(a)(1), and §60.7(a)(3).

Details of the facility (inclusive of facility address and mailing address) and contact information are given in the table below:
